Hi Stephen,

We do have a mailing list. Do we have any new information to share about the site? If it's just the same info that's on the site page and the NPL announcement, I suggest we do not create a fact sheet. Typically the first fact sheet goes out when we have information regarding the RI/FS.

Also, being that we now use the Government Printing Office with a three week turnaround for mailouts, there is no guarantee it will be mailed on time prior to the meeting.

If you feel we need one, I suggest we print it ourselves and bring to the meeting.

Thanks,

-Ed-

Subject: Facts Sheet Lane Plating Works Superfund Site

Greetings Edward,

Thank you for helping me with my upcoming community meeting. I have a couple of questions for you. Do we have a mailing list for the Lane Plating Superfund Site? I would like for us to send out a facts sheet before the community meeting. DO you think that is possible?

Respectfully,

Stephen Pereira
